My name is Minh. I am an enthusiastic person with a high sense of responsibility at work. I am ready to acquire new knowledge, improve myself, and broaden my horizons to gain more experience.

Recently, I discovered that I am well-suited for the IT field, so I am eager to challenge myself with an IT-related job in the near future. I am also currently studying for a second degree in IT at UIT.

This CV comprises my experiences gained from 2022 to the present.
